Education

Bachelor in Computer Application   2022- 2025

Symbiosis Institute of Computer Studies and Research

A recent graduate with a Bachelor in Computer Applications from SICSR, Pune, India. Eager to contribute to front-end development and digital marketing roles. Equipped with technical skills in HTML, CSS, and JavaScript, and real-world experience in digital marketing. Passionate about leveraging technology and creativity to deliver user-centric solutions.

Diploma in Bhutan Baccalauraeate, Druk Gyalpo's Institute, Bhutan   2016 - 2021

A comprehensive, holistic program focused on developing critical thinking, values, and community engagement.

The Royal Academy (BHSEC)   2021

Grade 12th Arts (English, Dzongkha, History Civics & Geography, Mathematics, Media Studies).

The Royal Academy (BCSE)   2019

Grade 10th BCSE (English, Dzongkha, History, Geography, Media Studies).

Experience

Digital Marketing Intern   2025

ADORE, India

Executed social media strategies for Adore. Managed campaign deployment via Meta Business Suite. Created engaging visual content using Canva. Successfully increased brand visibility and platform engagement.

Teacher & Fab Lab Manager   2025

Druk Gyalpo's Institute, Paro, Bhutan

Developed a full website for technical inventory cataloging. Instructed students on advanced fabrication equipment. I trained others on CNC, Laser Cutter, and 3D printing. This demonstrated strong technical command and communication skills.

Web Development Project   2024

Designed and coded a news-style website, Symbi Times, using core HTML and CSS, demonstrating proficiency in creating complex front-end structures while strengthening collaborative project execution abilities.

Bhutanese Student Community Representative   2022- 2023

Symbiosis International University (SIU)

Served as the community liaison during international meetings. Coordinated major cultural events for the university. Successfully organized the annual National Day of Bhutan celebration.
